Institutional Linkages

The school has international linkage with St. Mark's School in the USA. Under this we have an exchange Programme where our students visit their school every winter vacation and their students visit us during spring. The programme is aimed to provide international exposure to our students.

The school has developed linkage with the Ashoka University where higher performing class XII students shall be offered full free scholarship in different discipline. The school shall continue to explore more scholarships with other recognized institutions in future.

Besides, the school has link with many of the colleges and institutions under the Royal University of Bhutan.
